**REMARKS**

The Office Action that was mailed on 09/09/2005 issues an Election/Restrictions requirement, which divides the claims in the application into the following six groups:

- I. Claims 1-4, 10, and 16 drawn to compounds, composition classified in classes 548, 514 and numerous subclasses.
- II. Claims 11-15 drawn to a method of treating a disease classified in class 514.
- III. Claims 17 and 34 drawn to a method of performing emission tomography classified in class 374.
- IV. Claims 19-22, 27, and 33 drawn to compounds, compositions classified in classes 548, 514 and numerous subclasses.
- V. Claims 28-32 drawn to a method of treating a disease classified in class 514.
- VI. Claims 36-39 drawn to a method of performing emission tomography classified in class 374.

In the response filed on September 27, 2005, to the Elections/Restrictions requirement, Applicant provisionally elects, with traverse, Group VI and the single compound recited in claim 39. In a telephonic interview between the Examiner and the undersigned on October 18, 2005, the Examiner indicated that all claims in Group I and IV, namely claims 1-4, 10, 16, 19-22, 27, and 33, have been examined and have been found allowable provided that an informality regarding the reference to definitions of "R<sub>11</sub>" and "R<sub>12</sub>" in claims 1, 2, and 19 is corrected by amendment due to the fact that, while R<sub>12</sub> is recited in the definition of "R<sub>11</sub>", there is no recitation of "R<sub>11</sub>" in these claims. The Examiner proposed that he would allow all claims in both Groups I and IV if Applicant would (1) amend the claims 1, 2, and 19 to delete reference to the definitions of "R<sub>11</sub>" and "R<sub>12</sub>" and (2) cancel the unexamined claims, which are claims in Groups II, III, V, and VI. Applicant has agreed to the Examiner's above proposal. The Examiner also suggested that Applicant file a supplement amendment to effect the proposed amendments. Applicant wishes to express his deep appreciation for the Examiner's proposals and suggestions. This amendment is filed in accordance with the Examiner's suggestion. In this amendment, Applicant has cancelled the unexamined 11-15, 17, 34,

28-32, and 36-39, and amended claims 1, 2, and 19 to delete the reference to the definitions of "R<sub>11</sub>" and "R<sub>12</sub>". Applicant believes that 1- 4, 10, 16, 19-22, 27, and 33, as amended, are in condition for allowance, and accordingly respectfully request a timely issuance of a notice of allowance. Applicant preserves the right to pursue the cancelled subject matter in divisional applications.

Respectfully submitted,
